

# Manufacturer's Rep Products

## Innovative Solutions for the Water Industry.

**Vent-O-Mat** - Vent-o-Mat is at the cutting edge of air valve design technology. This premium air release valve outperforms the competition: in addition to its air valve functions, it successfully assists in the elimination of surge and water hammer as a standard and automatic function.

**Rotork Actuation** - Rotork products control thousands of valves in the water and wastewater industry. Our flow control products are used in potable water treatment including filtration, desalination and distribution. We are involved in level control in dams, reservoirs and irrigation systems.

**Bray Valves & Controls** - Actuators, Butterfly Valves, Control Valves, Isolation Valves, Ball Valves, Check Valves, Knife Gate Valves, Cryogenic and Control Accessories.

**Chemline Plastics** - Thermoplastic Solutions for Fluid Handling - Valves, Controls and Regulation Flow Meters Pipe Fittings Tube Fittings Fabrication and Manifolds.

**Victaulic** - Highly durable pipe fitting solutions meet every conceivable challenge while accommodating countless business requirements, including thermal movement and seismic solutions. When installed, Victaulic's piping components are engineered to take into account numerous environmental factors, from seismic and thermal movement to noise and vibration attenuation.

**REOTEMP** - Thermometers, Thermocouples and RTDs. Temperature Transmitters, Thermowells, Pressure Gauges, Pressure Transmitters, Diaphragm Seals Valves and Pressure Accessories.

**Hellan Strainer Co.** - Leading provider of fluid straining systems. We remove all types of solids including algae, Zebra mussels, sand, grit, debris, machine chips from various fluids and discharges solids from the flow without disassembly.

**Andritz** - Andritz is a globally leading supplier of plants, equipment, and services for hydropower stations, the pulp and paper industry, the metalworking and steel industries, and for solid/liquid separation in the municipal and industrial sectors.
